Job description

In times of multiple and overlapping crisis, the Federal Ministry for Economic Cooperation and Development (BMZ) attributes high importance to the development of inclusive and adaptive social protection systems. BMZ is committed to support the expansion of social protection around the globe and works closely with its multilateral and international partners towards achieving this goal. GIZ’s global programme “Global Alliances for Social Protection” supports this endeavor through (i) joint provision of a Digital Public Good (openIMIS), (ii) work on standard setting for interoperability in digital social protection (Digital Convergence Initiative), (iii) supporting finance mobilization for social protection (Global Shield and domestic resources), (iv) enhancing bi-multilateral cooperation and (v) supporting leadership development for social protection.

Your tasks

- Identify and analyze interoperability interfaces and use cases in the social protection sector
- Contribute to development of technical standards for interoperability by providing technical guidance, templates and industry best practices with focus on privacy and data protection
- Participate in assessments for promoting interoperability of social protection information systems and support in implementation of standards in countries
- Support rapid prototyping of interoperability use cases in cloud-based sandbox environments
- Contribute to explorative studies and support the conceptualization and execution of events by the Digital Convergence Initiative
- Support in preparation of tender documents and monitor the performance of contracts
- Other tasks as requested by GIZ in relation to the above position

Your profile

- University degree in informatics, Information and Communication Technology (ICT) or in another subject area relevant for the position
- Long-standing professional experience and relevant expertise in implementation of IT projects
- Professional experience and relevant expertise as a business process analyst
- Professional experience in Information and Communications Technologies for Development (ICT4D) and/or digital solutions for health/social protection, with a specific focus on data protection and privacy
Knowledge on Digital Public Goods, open-source software solutions and open standards
Technical know-how of software applications e.g., web applications, databases, APIs, data standards and JSON schemas, integration architectures
Experience of working with system architecture, design of solutions is an asset
Team player but able to work independently; analytical, goal oriented, responsive, reliable, and confident in handling short deadlines
Good in coordination with strong intercultural communication skills
Effective operational proficiency language skills in German and English, French is an advantage

Notes

This job is suited to a full or a part-time position.

To ensure and further strengthen GIZ's ability to deliver, the willingness to operate in changing conditions in Germany as well as abroad is of high corporate interest.

Our benefits

Ensuring the compatibility of career, family work and care commitments is part of our corporate policy. Flexible working hours and comprehensive preparation packages for families accompanying staff abroad are two examples of the opportunities that GIZ offers its employees. Our family-friendly philosophy also includes providing support for family members in need of care., Everyone has the same opportunities in our company, regardless of gender, nationality, religion, sexual orientation or physical disability. We recruit based on specialist expertise and social skills. Transparency and fair opportunities for career advancement are just as much a matter of course for us as gender not being a barrier to taking up a management position., Your work will begin with an onboarding and preparation phase that will give you initial insights into GIZ and lay the groundwork for your upcoming assignment, establishing new contacts and building up your network., Our health management helps staff all over the world to maintain their health and performance levels in a variety of ways., We provide opportunities for taking part in training and professional development to all our staff. Our Academy for International Cooperation (AIZ) will help you develop your skills., We are a provider of international cooperation services for sustainable development and work to build a future worth living around the world. We support projects in over 130 countries to achieve goals sustainably together with our partners., As sustainability and environmental awareness are part and
parcel of our corporate philosophy, we will provide you with financial support in the form of a job ticket. Extensive check-ups and preventive measures (e.g. on appointment, before the outward journey, during the stay in a country of assignment, in an emergency) are provided to our staff and the family members accompanying them as a matter of course. We allow our staff to accrue working time credits in a long-term working time account. This credit can then be used to take a lengthy leave of absence. We offer you various part-time working models to give you flexibility in planning your working and home lives. Flexi-time and the possibility for mobile working gives staff maximum flexibility. We reward staff who achieve their agreed annual targets with a variable remuneration component. If your family is unable to go with you when you switch to another location, we will provide you with a separation allowance to help you cover the resulting extra costs. This will enable you to travel or to offset the costs of food or maintaining two households, for example.

About us

Your professional and personal development is important to us. At GIZ, you will be offered global work opportunities and an atmosphere that is characterised by diversity, respect and genuine equal opportunities. Gender equality promotion is a matter of course for us. Our benefits are also impressive in terms of work-life balance and family friendliness. Flexible working hours that fit your life situation, comprehensive onboarding and internal health management are an integral part of our corporate culture, along with the opportunity to use childcare facilities and parent/child offices.

GIZ is a signatory of the Diversity Charter. Recognition, appreciation and inclusion of diversity in the company are important to us. All employees shall be valued - regardless of gender and gender identity, nationality, ethnic origin, religion or belief, disability, social background, age or sexual orientation.

We support equal opportunities and welcome applications from people with disabilities.
